PREFACE.

In presenting a revised and corrected edition of the Directory to the public, the publisher takes the opportunity to express his sincere thanks for the encouragement and coöperation he has received.

The present is the 51st edition of the Directory, the first appearing in 1789, containing 1,474 names. It was afterwards issued at different periods until 1831, since which time it has been an annual publication.

In 1846 the Directory was first issued in its present form, and contained 25,488 names. It now contains 41,865 names, being an increase of 16,377, or an average of more than 1,800 each year. With this advance in business and population, increased exertions are necessary to make the Directory a faithful index to the city.

The attention of the reader is invited to the Table of Contents following, and to the complete Index to the Advertising Department on the next page, for a general idea of the information which the work contains.

The Advertising Department has now become a valuable medium through which the Manufacturer, the Merchant, Inventor and Mechanic may communicate with the citizens of Boston, and with the business people who throng four Hotels from every section of the country.

B. W. DUNKLEE & CO.'S WARMING AND VENTILATING FURNACE.

FOR DWELLINGS, SCHOOL HOUSES, STORES, CHURCHES, HALLS, FACTORIES, &c.

This furnace retains the **same** principle in several forms, adapted for a portable as well as a Brick Furnace. Thousands of references may be given in proof of the **Economy, Durability,** and **complete operation** of this Furnace. **We warrant the success** of every Furnace; (adapted for wood and coal.) Also, Penrhyn Marble Mantels, &c.; Parlor Grates, Cooking Ranges, and Stoves; Ventilators, Registers, Soap Stone work to order, &c.

B. W. DUNKLEE & CO., 111 & 113 Blackstone St., Boston.

MARBLE COMP'Y

Chimney Pieces & Pier Slabs,

Manufactured of Stone by the PENRHYN MARBLE CO. (Patented 1852.) These are new and beautiful articles, in imitation of the richest kinds of Marble. In style and finish they stand unequalled; are very highly polished, retain their beauty much longer than common marble, and are not injured by coal gas, smoke or acids. They have been extensively introduced into public and private buildings, giving perfect satisfaction.—The best references can be given, showing their adaptedness for general use. While much superior in appearance, they are sold cheaper than anything of the kind in the market. During the present season they have been awarded Gold Medals at the Exhibitions of the American Institute, New York, and the Massachusetts Charitable Mechanic Association. In fact, the confidence with which they have thus far been used, gives the fairest evidence that the Penrhyn Marble, by its many advantages, will in a great measure supersede the use of all other. Also for sale the celebrated English *Encaustic Tile*, for floors, hearths, &c.

PIER SLABS and SHELVES for parlors, chambers, &c. together with Bronzed, Gilt, and other kinds of Brackets of various patterns, furnished to order. Architects, builders and all others are invited to examine them. Arrangements have been made, for the supply of the trade. Samples may be seen at the Warerooms of the Company.

BOSTON BOARD OF TRADE.

GOVERNMENT FOR 1855.—Samuel Lawrence, *President*. George R. Sampson, James M. Beebe, Tyler Batcheller, *Vice Presidents*. Peter Butler, Jr., *Treasurer*. Enoch Train, Charles H. Mills, Charles O. Whitmore, James P. Thorndike, Robert B. Forbes, Jonathan Ellis, F. B. Cowninshield, Samuel T. Dana, Samuel S. Lewis, Otis Norcross, George Hyde, Edward S. Tobey, Alexander Strong, James C. Converse, Benjamin Callender, Henry K. Horton, Abram French, Nathan B. Gibbs, George C. Richardson, Silas Potter, George W. Warren, William T. Glidden, William Blake, Henry Lee, *Directors*.

Standing Committees.—George B. Upton, Albert Fearing, James W. Paige, A. G. Farwell, *of Appeals*. James Read, N. C. Nash, S. R. Spaulding, Andrew T. Hall, William Perkins, *of Arbitration*. Jarvis Slade, Israel Lombard, Zelotes Hosmer, *of Finance*. Robert B. Forbes, George B. Upton, Charles O. Whitmore, William Perkins, Lewis W. Tappan, *of Inquiry into Causes of Shipwrecks*.

Isaac C. Bates, *Secretary*. Office 9 Merchants Exchange.

By the annual report of the Secretary and Treasurer, the Board is in a flourishing condition. The consideration of various important subjects, which have been before the Association and its Directors during the short time of its existence, has not been without useful results. These subjects are, in brief—Inquiry into Causes of Shipwrecks, Revenue Laws, Dr. Kane's Expedition, Circulation of Boston Newspapers in the Western States, Usury Laws, Bankrupt Laws, Transport of Merchandise, and the Reciprocity Treaty with the British North American Provinces.

The Board of Trade was incorporated in April, 1854, "for the purpose of promoting trade and commerce in the city of Boston and its vicinity." These terms are understood, in their largest extent, as embracing the interests of all the great divisions of human labor. It is designed to make these interests subjects of serious examination and report, as suitable opportunity may offer; more immediate attention being given to seeking redress for existing grievances, and to the attainment of any objects presented, involving the general interests of trade, which it might be difficult to attain by separate and individual exertion. The Government of the Board is understood to represent, and to be the efficient exponent, of the wishes of its members. The report contains the names of 576 of our principal merchants belonging to the Association, engaged in every branch of commerce, and representing the first business houses in the city.

MISCELLANEOUS COMPANIES.

East Boston Company.

OFFICERS.

SAMUEL S. LEWIS, President.

W. C. BARSTOW, Treasurer and Superintendent. [Office, 99 State street.]

GEORGE F. WADSWORTH, Clerk. [Office, 99 State street.]

DIRECTORS.

SAMUEL S. LEWIS, A. A. WELLINGTON, CALEB C. GILBERT, BENJAMIN LAMSON, CHARLES J. HENDEE, W. C. BARSTOW, LEWIS RICE.

EDWARD S. RAND, Solicitor. Office, 30 Court Street.

The Directors in their report, May 1, 1855, state the assets of the Company, (there being no debt) at $967,997.22, of which $937,191.59 is in real estate, the value of the land as estimated in 1851. This is equivalent to $48.35 on each share of the Company. The report of the Treasurer, Wm. C. Barstow, Esq., makes the account of real estate stand precisely as it did at the time of the previous report. The number of buildings erected during the year is as follows: Dwelling houses 147, of which 9 are of brick; 9 stores, of which 6 are of brick, five stories high, and of fine architectural appearance; twelve mechanic and machine shops; ten stables, two steam sawmills, 1 stone warehouse, one brick oil factory, one freight house, on the Grand Junction wharf, 60 feet by 200, and one elegant brick church. Notwithstanding this large increase in dwelling houses, the report states that it is with much difficulty that a house can be obtained on a lease, an evidence that the resident population is increasing fast, and which at this time is estimated at not less than 16,000.

Since the previous report, 28 ships (not including those now on the stocks) with an aggregate tonnage of 37,987 tons have been built in East Boston. In this connection the report alludes to the great facilities which exist at East Boston for repairing vessels.

The report speaks of the improvements made by the city on the streets during the year, and also those made by the Company, and then states that judging from present appearances the Company will soon derive some benefit from the working of the Grand Junction Railroad. Already the freight trains over this road begin to give evidence of what may soon be expected. With this increase in business, a corresponding increase in population and in demand for building lots is anticipated.

DAVID W. FOSTER, *Clerk.* Salary, $700.

All births, marriages, and deaths which now take place in the city, are required to be returned to this office, to be recorded, with such particulars in regard to each as the law requires.

It is important that this law should be strictly carried into effect; to the public, that the health and condition of the population may be known; and to every individual, that evidence may be furnished by the records of the three great events of life—birth, marriage, and death. Great personal inconvenience and pecuniary loss have often arisen from want of this evidence.

The city is canvassed in May, and again in January, in order to collect the proper information concerning children born during the year.

During the year 1854, five thousand six hundred and eighty-eight births were registered.

Intentions of marriage of three thousand three hundred and twenty-nine couples were entered, and certificates issued, and three thousand one hundred and twenty-eight marriages were recorded.

Four thousand four hundred and forty-one deaths, which occurred within the limits of the city, during the same period, were registered.

ALIEN PASSENGERS.

ALBERT G. GOODWIN, SUPERINTENDENT FOR THE PORT OF BOSTON.

Salary, $1,500. Office, 59 Long Wharf.

REGULATIONS.

The laws of 1848 and 1850, in relation to Alien Passengers, being somewhat stringent in their operation, the last Legislature deemed it advisable to change or modify some of their provisions for the better protection of the Commonwealth. The following amendment was made concerning Alien Passengers.

The fifth Section of the act entitled "An Act concerning Alien Passengers," approved on the tenth day of May, in the year one thousand eight hundred and forty-eight, is hereby amended so as to read as follows:

If on examination there shall be found among said passengers any lunatic, idiotic, deaf and dumb, blind, or maimed person, no such person shall be permitted to land until the master, owner, consignee, or agent of such vessel, shall make and deliver to said Superintendent a bond to the Commonwealth, with satisfactory sureties in the sum of one thousand dollars, conditioned that such passengers shall not within ten years from date of said bond, become a city, town, or State charge within this Commonwealth. And in respect to every other of said passengers, the said Superintendent, before he shall be permitted to land, shall require a bond, secured as aforesaid, in the sum of three hundred dollars, conditioned that such persons shall not become a charge as aforesaid within five years from the date of said bond; *provided*, however, that in lieu of the bond lastly above mentioned, the said Superintendent may receive from said master, owner, consignee or agent, such sum as in his judgment shall be sufficient to cover the risk incurred by the Commonwealth in permitting such passenger to be landed; and thereupon permit such passengers to be landed, *provided* that the sum so to be paid shall in no case be less than two dollars; and the names of all such passengers shall be certified by said Superintendent on the back of the report; *and provided further*, that if any passengers so arriving as aforesaid are so sick or destitute as to require relief, and if said master shall refuse to report them, or if said master, owner, consignee or agent shall refuse to give such bond as is herein required, the said Superintendent may permit them to be landed; and in such cases, any city or town that shall be put to any expense for the support, sickness, or burial of any such passenger, within ten years of the time he has so landed, may maintain an action of debt against said master, owner, consignee, or agent, and recover all expenses incurred as aforesaid; and said commanding officer, owner, consignee, or agent, shall be liable to the penalties provided in the tenth section of this act.

Masters shall, within twenty-four hours after arrival, furnish to the Superintendent a list of the names, sex, occupation, condition, &c., of each passenger. No passenger shall be landed until such report shall have been made, and the proper examination made by the Superintendent.

Pilots and masters of vessels arriving with steerage passengers from Europe, are to anchor such vessels to the southwest side of Deer Island, until an inspection is made, and a permit given. No persons, except those allowed by law, will be permitted to go on board until the vessel is fully discharged by the proper officers.

Vessels arriving from any other ports with Alien Passengers on board must anchor to the eastward of the lines prescribed for the regulation of Boston Harbor, and there wait an inspection.

☞ Masters of vessels will greatly facilitate business by having a correct *list* of all the passengers, before their arrival in port.

ALIEN PASSENGERS AND STATE PAUPERS.

An Act to appoint a Board of Commissioners in relation to Alien Passengers and State Paupers, was passed by the Legislature, 1851, which contained the following sections:

SECT. 1. The Governor and Council shall, in the month of January, annually, appoint a member of the Council, who with the Auditor of Accounts of the Commonwealth, and the Superintendent of Alien Passengers for the city of Boston, shall constitute a Board of Commissioners to superintend the execution of such laws as are now in force, or may hereafter be enacted in relation to the introduction of Aliens into this Commonwealth, and the support of State Paupers therein.

SECT. 2. The Commissioners shall have authority to appoint one or more persons, whose duty it shall be to visit, at least once in every year, all the almshouses or places in the Commonwealth, where State Paupers are supported, and ascertain from actual examination and inquiry, whether the laws in respect to such Paupers are properly regarded, particularly in relation to such as are able to labor, or are but partially supported by the respective cities and towns; and, in case any infractions of the laws are discovered, make immediate report thereof to the Commissioners, who shall examine and decide upon all such cases, and thereupon notify the Auditor of Accounts. The Commissioners shall also give such directions as will insure correctness in the returns now required to be made in relation to Paupers, and may use such means as are necessary to collect all desired information in relation to their support.

SECT. 5. Any aliens or other persons who shall be brought into this Commonwealth as above specified, shall, if they fall sick, or from any cause become a public charge within one year after coming into the Commonwealth, be supported so long as necessary, at the expense of said corporation or party by whose means they were brought into the Commonwealth, in the same manner as is now provided in regard to Alien Passengers by water; *provided, however*, that the party liable for support shall be notified of his liability, in any particular case, as soon as practicable, in order that he may, if so disposed, provide for other means of support or removal.

SECT. 6. The Commissioners shall annually in the month of January, make a report of their doings to the Governor and Council, and shall therein make such suggestions in relation to the present or other plans for the support of Paupers, as may occur to them.

The undersigned, Commissioners authorized by law to carry the foregoing act into effect, respectfully give notice that the same will be enforced on and after June 23, 1851.

Every person or corporation bringing Aliens into the State, by railroad or other conveyances, as contemplated by the law in question, is requested to notice said law and comply with its provisions.

V. B. PALMER'S AMERICAN NEWSPAPER AGENCY.

OFFICES:

BOSTON: Scollay's Building, Court Street. — **NEW YORK:** Tribune Buildings.
PHILADELPHIA: N. W. corner of Third and Chestnut Streets.

Affords every facility for the transaction of business with the best and most widely circulated Journals of all the Cities and principal Towns in the United States, British Provinces, &c., &c.

THE AGENCY presents a convenient and complete opportunity for publishing Advertisements in any number of *the best and most widely circulating Newspapers* of the different cities and towns throughout the whole country, at the publisher's lowest rates, with the least possible trouble to advertisers, and with the greatest despatch.

By this method the advertiser is spared the labor of corresponding with the several papers, the expense of postage, and much time and perplexity in the settlement of bills. Besides this, he can know when his account *is* settled, and no apprehension need be entertained of the too common annoyance of bills being presented, after having been *once* paid.

Through the Agency a circumspect and discriminating choice of places, and the best selection of papers can be had, suitably adapted to various business pursuits—enabling persons to advertise judiciously, effectively, and safely.

Copies of the best Newspapers in the United States, may be seen and examined at the Agency, their respective merits understood, and a complete system of advertising adopted, upon either a large or small scale.

Advertisements are carefully and skilfully written, without charge, for those who are not experienced in the art—and improvements suggested in such as are written by unpractised hands.

A single copy of an advertisement only is required, from which a sufficient number are printed in such style as advertisers wish to have them appear in the papers, which insures correct insertions.

Copies of papers containing advertisements are forwarded to advertisers, and all requisite information given.

A list of places, papers, terms, and prices, may be had at the Agency, without charge.

The Agent is authorized to make contracts, and his receipts are regarded by the proprietors as payments. His long experience and extensive agency qualify him to impart valuable practical information.

As he has no connection with any other person, orders should be directed to V. B. PALMER.

The Agent believes that the *material* affairs of business transactions must be aided and sustained by a proportionate exercise of *intellectual energy*; and that this *intellectual energy* should keep pace with the facilities by which the *material* affairs of business are advanced. Every one is now obliged, if he would keep pace with the times, to aid his physical exertions in trade, or whatever business he may be engaged in, by due recourse to those means by which his business, trade, or profession, may become generally known. This is the *intellectual* part of his business, and the press is the medium through which it must, at the present day, be developed. Newspapers, now-a-days, are diffused far and wide; they are read by all, and are the vehicle by which men and establishments become generally known. As yet, this engine of intelligence has not attracted attention commensurate with contemporary improvements, simply because the *material* of business is more palpable and tangible; but the power of the press will yet be acknowledged as equal to that of steam for the furtherance of business enterprise.

☞ **To Public Institutions, Reading Rooms, Clubs, &c., as well as to individuals, in all parts of the world, the Agency presents a convenient, safe, and ready means of subscribing for the best Journals of the Union, advertising in any number of the most desirable business Newspapers, and obtaining valuable information.**

Remittances may be made from any section of the country, with entire assurance that all orders will be faithfully and promptly attended to. Address V. B. PALMER, *Newspaper Agent*, BOSTON: *Scollay's Building, Court Street.* — NEW YORK: *Tribune Building.*—PHILADELPHIA: *N. W. corner of Third and Chestnut streets.*

NOTICES OF THE PRESS.

V. B. PALMER'S NEWSPAPER AGENCY.

This old established agency continues to enjoy the full confidence of the press and the public. Whatever is intrusted to Mr. P. or his agents, is promptly attended to, and, as the press is under very great obligation to him, we are happy to know that he is enjoying the unlimited confidence, as he deserves the good wishes of those whom he has so long and so faithfully served.—*Albany Evening Journal.*

From an intimate acquaintance with Mr. Palmer, we are prepared to say that any business connected with the Agencies which he advertises, will be both promptly and honorably transacted. In the matter of Newspaper Agencies, he has reduced the business to such an admirable system that all parties can hardly fail to be satisfied.—*New York Daily Tribune.*

Palmer's enterprise, accompanied as it is with untiring industry, clear-sightedness, indomitable energy, and unwavering perseverance, deserves the reward which we have never doubted he would eventually receive.—*Phila. Ledger.*

Mr. Palmer has, by dint of great energy and indefatigable industry, succeeded in organizing this agency, and accomplishing, by means of it, objects that were deemed altogether chimerical when it was first commenced. His success has raised up a number of imitators, who now advertise Newspaper Agencies in the Eastern cities. Mr. Palmer is no way connected with any of these. Having the most unlimited confidence in his capacity and integrity, he is fully authorized to make all necessary contracts as agent for this paper. We wish it to be distinctly understood, that we have no other agent in any of the cities of New York, Philadelphia, or Boston, and that all inquiries relative to such contracts, coming from these cities, even although directed to ourselves, will be referred to his agency.—*Louisville Democrat.*

Mr. Palmer is, we believe, entitled to the credit of originating and establishing upon a general scale, in this country, this new and important public convenience, and we doubt not that its advantages will be duly understood and appreciated, and the enterprise by which they are afforded fairly rewarded.—*Baltimore Sun.*

We commend the old and well-established agency of Mr. V. B. Palmer. His business relations extend to nearly the entire press of the country.—*Buffalo Courier.*

V. B. Palmer is our only authorized agent in Boston, New York, and Philadelphia, and we shall not accept of any advertisements coming from other persons. We would here say to ——, of ——, if he will pass his advertisement into our agent's office, and he says it is "all right," we will insert it according to order. If not, do not trouble us again.—*Elmira (N. Y.) Democrat.*

CAUTION TO THE PUBLIC.

☞ To prevent imposition by pretending and unauthorized persons who infest some of the Atlantic Cities, many of the best papers in the United States and Canada have repeatedly given notice that V. B. PALMER is their *only authorized Agent.* The papers are on file at the Agency, and contain the following notice: —

"V. B. PALMER, the American Newspaper Agent, is the **only Authorized Agent** for this paper in the Cities of Boston, New York, and Philadelphia, and is duly empowered to take Advertisements and Subscriptions at the same rates as required by us. His receipts will be regarded as payments."

MEDFORD BRANCH RAILROAD.

Trains run to and from MEDFORD, a distance of five miles, eight times a day each way. Fare 17 cents. Time, 15 minutes. Season Tickets, $33 a year. This is a beautiful village, and a desirable place for summer residence.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

Somerville, Medford, Malden, Melrose, South Reading, and Reading, towns within the range of the special, as well as the longer trains, possess many advantages for country residences, either through the warm season or the whole year, not exceeded by those of any other towns in the vicinity of Boston. The cheapness of the fare, the number of trains, both early and late, in connection with the convenient depot at Boston, render this railroad a desirable channel of intercourse between the city and country. That the advantages of these places are appreciated, is evident from the increasing demand for residences on this route, the demand for house lots, and the steady rise in the value of the land.

PATENT AGENCY.

SAMUEL COOPER,

Late Chief Examiner in the U. S. Patent Office,

PROCURES PATENTS IN THIS AND FOREIGN COUNTRIES.

His long official connection with the Patent Office has rendered him familiar with its rules and practice, and with the history of invention in this and other countries; and this experience, with the frequent visits which he proposes making to the Patent Office, justifies him in saying that his Agency will offer to Inventors all the advantages of one located in Washington, and, in addition, those which result from a residence in the midst of mechanical and manufacturing industry.

Advice given upon all matters relating to the validity, &c., of patents, the novelty and patentability of inventions. Specifications and Drawings prepared,—Caveats filed,—Reconsiderations procured of applications that have been rejected upon imperfectly prepared papers,—Cases of interference, and applications for extension and re-issue prosecuted,—and in general, all business connected with the Patent Office, transacted with care and promptness.

British and other foreign patents procured, through prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials:—

FROM THE HON. CHARLES MASON, COMMISSIONER OF PATENTS.

U. S. Patent Office, Feb. 28, 1855.

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as solicitor, and has been in that capacity in constant correspondence and intercourse with the Office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the Office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this Office with whom I am acquainted.

CHARLES MASON, *Commissioner.*

FROM THE EXAMINERS IN THE PATENT OFFICE.

"The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, lately a Principal Examiner in this Office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.

Henry B. Renwick, L. D. Gale, J. H. Lane,	*Principal Examiners.*	T. R. Peale, Thos. T. Everett, F. Southgate Smith, Wm. Chauncy Langdon,	*Assistant Examiners.*

"From long acquaintance, and intimate official relations with Mr. Cooper, I fully and heartily concur in the foregoing recommendation made by my late colleagues.

Wm. P. N. Fitzgerald,

Late Principal Examiner of Patents.

BOSTON DAILY ADVERTISER,

ESTABLISHED MARCH 1, 1814.

Published every Morning, except Sundays. . . . . Terms, $8.00 per annum in advance.

NATHAN HALE AND CHARLES HALE, EDITORS.

CHARLES HALE, Publisher.

This is a first-class newspaper of the largest size published in Boston. It is printed upon new type, obtained in December last; upon white paper, of the best quality used for newspapers. The BOSTON DAILY ADVERTISER is conducted with care and diligence, and is believed to possess a favorable character wherever it is known. With the introduction of the new type, a new order of arranging the contents has been adopted, which allows of a considerable increase in the quantity of reading matter, and enables us to present the news as received at the latest hour, in the fullest extent, without inconvenience, and without curtailing the space devoted to the various regular departments of intelligence. While we propose to retain all the old characteristics of the paper, which have given it its favorable reputation, we expect to introduce such new features as shall make it approach as nearly as possible the highest standard of excellence for a daily newspaper published at the present day in the capital of New England.

Every effort is used to present in the columns of the BOSTON DAILY ADVERTISER the *News* of the day, with fullness, freshness and accuracy, and, further, to discuss the topics of the day freely, fairly, and with independence, at the same time that the utmost care is taken to express no opinion which is not formed after careful personal examination by the editors of the subject under consideration.

The attention of the public is respectfully called to the following characteristics of the BOSTON DAILY ADVERTISER:

1. Its editorial articles, which are numerous, written with care, and express only the opinions of the editors. No pay is ever received for anything appearing as editorial.
2. The regularity and fidelity with which all public documents and matters of permanent value are presented in its columns.
3. The copiousness of its summaries of foreign intelligence, which are prepared with laborious care from ample materials.
4. The perfection of its marine intelligence. Its leading position in this department is believed to be generally admitted without question.
5. The accuracy and independence of its financial and commercial intelligence, which is so prepared as to remove it beyond suspicion of aiding individual interests.
6. The accuracy and fulness of its legal and legislative reports. Many important judicial decisions are given in full in its columns.
7. Its literary intelligence, and the impartiality of its notices of books, pictures, public amusements, &c.

The BOSTON DAILY ADVERTISER is not a party "organ," but has supported to the utmost of its ability the policy of the whig party, from the earnest conviction that that was the best adapted for the welfare of the State and Nation.

An arrangement has been made for the exclusive publication in the BOSTON DAILY ADVERTISER of *special despatches* from Washington, from a correspondent enjoying unusual facilities for obtaining fresh and correct information at the seat of government. These are additional to the regular telegraphic despatches. Arrangements have also been made for the exclusive publication of a weekly tabular statement of the imports of foreign goods at Boston, showing the quantity and value of each article. This is in addition to the regular daily report of imports, and is the only regular publication which shows by figures, the amount and extent of the foreign commerce of Boston.

The SEMI-WEEKLY ADVERTISER and WEEKLY MESSENGER contain substantially the same reading matter as the DAILY ADVERTISER, but less space is occupied with advertisements, of which very few appear in the WEEKLY MESSENGER.

The weekly statement of the condition of the banks in the City of Boston, and the monthly statement of the banks in the State of Massachusetts out of Boston required by the law of the State, are published *by authority* in the BOSTON DAILY ADVERTISER, and also appear without delay, in the SEMI-WEEKLY ADVERTISER and WEEKLY MESSENGER.

These papers are printed for mailing on a sheet weighing "not over 1½ ounces," and are accordingly chargeable for postage at the lowest rate, viz., *a quarter of a cent* for each paper within the State, when paid quarterly in advance.

A quarter's subscription to the daily, *postage included*, thus costs but $2.20; to the semi-weekly, but $1.07; and to the weekly, but 54 cents. Persons residing in the country are invited to try the experiment of a subscription to a Boston paper for this period, at these rates.

Office, 6 Congress Street, Boston.

[*From the National Intelligencer.*]

THE BOSTON DAILY ADVERTISER.—A paper so wise, so instructive, so cautious and so truthful, deserves every success; and its success is a credit to the community which it ably serves and enlightens.

[*From the Albany State Register.*]

THE BOSTON DAILY ADVERTISER.— It is one of the very best newspapers in the United States, and we take the liberty of rejoicing in its prosperity.

[*From the New York Shipping List.*]

THE BOSTON DAILY ADVERTISER.— The Daily has long since acquired the reputation of being the best marine journal in the country, and as a literary and political publication, it ranks deservedly high.

[*From the Yarmouth Register.*]

THE BOSTON DAILY ADVERTISER.—We are unable to discover any points in the witticisms that are sometimes attemped at the expense of the "Advertiser," implying that it is lacking in enterprise in the collection of the news of the day. A glance at its columns will show that it is fully up to the mark, and its matter is evidently prepared with much care; while in one department, and an important one to Cape readers—we refer to the *shipping intelligence*.—it unquestionably excels all its contemporaries in the freshness and accuracy of its reports. This department is under the direction of Mr. J. A. Ballard, the best shipping reporter in the country.

[*From the Vineyard Gazette.*]

THE BOSTON DAILY ADVERTISER has appeared in a new dress and looks remarkably well. The "Advertiser" is unquestionably the best paper in Boston, and we rejoice at this renewed evidence of its prosperity.

[*From the Charleston (S. C.) Courier.*]

THE BOSTON DAILY ADVERTISER, one of the best journals in the country, made its appearance a day or two ago printed throughout in new and beautiful type.

FIRST PREMIUM PIANO FORTES.

BROWN & ALLEN,

Hayward Block, ... 354 Washington Street.

N. B. Mr. Brown, was of the old firm of Brown & Hallett, (whose Pianos have been long in the market, and are much admired for their durability and purity of tone.)—subsequently ten years foreman in the justly celebrated manufactory of the late Jonas Chickering, Esq., where he perfected and applied his PATENT GRAND ACTION.

Piano Fortes of our manufacture are distinguished for evenness, pure *musical* quality of tone, and superior *elastic* action. See Extract from Report of Committee on Musical Instruments, at the Rhode Island Society for the Encouragement of Domestic Industry, holden September 12th to 16th, 1854.

"After a careful examination of the workmanship, externally and internally, and after repeated trials and hearings, your Committee feel prepared to say that this (*Brown & Allen's*) Piano Forte is one of the very best they have ever met with in the course of some *seventeen years'* observation of the progress of Piano Forte manufacture in this country. In *purity*, combined with *power and mellowness of tone;* in *evenness* of tone from the bottom to the top of the scale; in the great excellence of the action; in thoroughness and elegance of workmanship throughout; in all the qualities, in short, which unitedly constitute a first rate Piano Forte, this instrument, in the opinion of your Committee, has not been surpassed by any Seven Octave Square Piano Forte hitherto produced among us, and they consider it eminently worthy of the highest premium in this department."

CROWELL'S PATENT STEERING WHEEL.

This new invention has already been placed upon several Ships, Barks and Schooners, and its operations thus far have proved entirely satisfactory. It is very simple and efficient in operation, requires *no wheel ropes or blocks*, and is acknowledged by all practical seamen to be the *Best and Cheapest Invention of the kind ever yet introduced.*

A full sized model of the above, together with letters of recommendation from Captains who have used it, can be seen at our store, where we are prepared to furnish vessels with any size that may be required.

POND & DUNCKLEE'S
HOT-AIR VENTILATING FURNACE.

Front View, as set in brick-work.

It differs materially from all others heretofore in use, combining

Economy, Durability, Simplicity & Great Power.

It presents a large amount of Effective Radiating Surface, all of which is in more direct contact with the fire than in any other Heater. One entirely new and important feature is the addition of a *great amount of surface* attached to the Fire Pot, in the form of fans, (*see cut*,) which adds *very much* to the power of the Furnace, and prevents the over heating and cracking of the Pot.

The construction of the Self-clearing Radiator effectually obviates the necessity of cleaning. The Radiator itself encircles the body of the Furnace, and is connected therewith by six flues, or distributing pipes, which, taken directly from the top of the Fire Pot, are so arranged that the fire is brought in equal contact with the entire internal surface of the Furnace, thereby rendering the Radiator and Pipes, as also the Body, when the direct draft is closed, most powerful radiating surface.

The entire structure, when set, has much less height than any other Heater of equal capacity in use, affording an opportunity to give the desired elevation to the Hot Air Pipes. The Joints are all so adjusted as to prevent the escape of Gases or Smoke, and render re-packing unnecessary for years.

A careful examination of the form and fitting of the castings will show that the liability to crack is entirely obviated by the ample provision which has been made for expansion and contraction. For those who prefer the Lined Fire Pot, we have provided a Pot of improved construction designed for that purpose. This furnace is also peculiarly adapted to the use of Bituminous Coal—a Smoke Pipe of increased size being employed.

Also, a **NEW FURNACE**, designed expressly for burning Wood. Having but one joint, it is warranted not to smoke, and to give more heat, with less fire than any other pattern.

Also, Portable Furnaces, (nine sizes,) Pond's Ranges, Mantels, Grates, Registers, Ventilators, &c.

SANCTIONED BY THE FACULTY OF MEDICINE.

TARRANT'S PREPARATIONS.

The attention of the Medical Profession and the Public is invited to the following preparations:

TARRANT'S EFFERVESCENT SELTZER APERIENT,

Prepared on an entirely new principle, from a late and accurate analysis of the celebrated **Seltzer Spring in Germany**, combining efficacy, economy and portability, with such additions and improvements as will be found materially to increase its efficacy. This much esteemed and highly valuable preparation will not fail to effectually remove Dyspepsia or Indigestion, Bilious Affections, Headache, Heartburn, Acidity of the Stomach, Costiveness, Gout, Rheumatism, Loss of Appetite, Gravel, Nervous Debility, Nausea or Vomiting, Affections of the Liver, &c., &c.

FAMILY MEDICINES.

Tarrant's Cordial Elixir of Turkey Rhubarb,

Takes its place as the best remedy for Dyspepsia or Indigestion of the present day; and, for its efficacy and safety deserves the name of being in truth a Family Medicine. Those who suffer from excessive fatigue, mental anxiety or intellectual application of whatsoever kind, will find it to be a medicine of extreme value. It is particularly recommended to those suffering from Bilious and Nervous Headache, Diarrhœa, Constipation, Flatulency, Indigestion, Summer Complaints, Cholera Morbus, &c., &c. The utmost reliance can be placed on it, both as to its innocent nature and highly curative qualities.

TARRANT'S INDELIBLE INK.

A superior article, warranted by the proprietor, and acknowledged by all who have tested it, to be the best article of the kind now in use.

Tarrant's Compound Extract of Cubebs and Copaiba.

Sanctioned by popular opinion and high authority of the most distinguished of the medical faculty, it offers to the afflicted a remedy, whose success has in every instance supported its deserved reputation. Being convenient and agreeable in its use, experience has proved that it retains in every climate its desirable and truly valuable character. It is in the form of a paste, is tasteless, and does not impair the digestion. It is prepared with the greatest possible care, upon well tested principles. To persons following the sea, or going long voyages, this preparation possesses qualities far surpassing any other—neat and portable in form, speedy and efficacious in its operation, successful, both in the earliest and worst stages of the severest disease, while the usual and nauseous taste and unpleasant odor of Copaiba is wholly avoided in this preparation.

Prepared and sold, wholesale and retail, by JOHN A. TARRANT, successor to James Tarrant, 278 Greenwich, corner of Warren Street, New York, and for sale by all the principal Druggists in the United States, British Provinces, West Indies and South America.

Thorn's Compound Extract of Copaiba and Sarsaparilla,

Possesses a few advantages not enjoyed by any other medicine for the cure of the afflicted, and which must, with an enlightened public, render it assuredly highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of diet. In its approved form, that of a paste, it is entirely tasteless, and causes no unpleasant sensation to the patient. It has acquired the utmost fame in every part of Europe, has been examined, approved, and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession.

Prepared by J. B. Thorn, Chemist, London, and for sale wholesale and retail, by J. A. TARRANT, sole agent for the United States, 278 Greenwich Street, New York.

IMPORTANT CAUTION.

The increased reputation and great demand for *Thorn's Compound Extract of Copaiba and Sarsaparilla* have been inducements for others to offer imitations of this valuable medicine. Venders are particularly warned of this fact, that they may be on their guard, and not dispose of an impure article, calculated to injure their reputation, and destroy the merits of the original preparation, to obviate which, the subscriber (successor to James Tarrant, by whom it was first introduced into the United States,) has attached his signature to this caution, to counterfeit which is forgery.

JOHN A. TARRANT.

The Proprietor of the above Medicines is also Sole Agent for the Sale of

Dr. Grover Coe's Popular Family Medicines.

Amongst which are the following:

DR. COE'S HARMATTAN, the most efficient external application extant for the cure of Ulcers or Fever Sores, Abscesses, Felons, Biles, Carbuncles, Fistula, Piles, Neuralgia, Burns, Wounds, and every species of external inflammation. Warranted to check mortification, when arising from Burns, Wounds and other external causes, and to prevent it when used in time.

DR. COE'S ANTI-MERCURIAL ALTERATVE SYRUP, a pleasant and certain constitutional remedy for the cure of Rheumatism, Erysipelas, Gonorrhea, Syphilis, Leucorrhea, Eruptive affections, and all diseases arising from constitutional derangement or vitiation of the blood and fluids.

DR. COE'S FAMILY VEGETABLE PILLS. The best, safest, and most efficient Pill for popular use, ever offered to the public. For the cure of Sick headache, Constipation, Dyspepsia, and functional derangement of the Liver and other viscera they stand unrivalled. The success attending the use of these remedies during a long and eminently successful practice has induced the proprietor to yield to the solicitations of his numerous patients and friends, and take measures to bring them more abundantly within the reach of suffering humanity.

WHEELER & WILSON'S
FAMILY SEWING MACHINES.

THESE improved Machines are rapidly coming into general favor, and acknowledged to be the ONLY machines adapted to family use. The beauty and durability of their stitching are unrivalled, working equally on fine cambric, quilting and heavy broadcloth. The rapid and noiseless operation of these machines is an advantage possessed by no other, while their simplicity of construction renders them easier of use, besides being less liable to get out of repair,—an objection reasonably urged against all other machines.

TO FAMILIES, SHIRTMAKERS, TAILORS, MILLINERS, &c., one of these Machines is invaluable. Specimens of work furnished any time where the Machines are in operation, and for sale, at

63 Court Street, Corner of Cornhill, Boston.

SCHOOL STOVE,

This Stove surpasses all others for Warming and Ventilating School Houses, &c.

The cut of this remarkable operating Stove will enable every intelligent mind to comprehend at a glance the result desirable to be accomplished by a Stove, viz: of keeping fire from Fall until Spring by replenishing once in twenty-four hours; by a saving of fifty per cent. in fuel, by burning the smoke and gases usually lost in the smoke-pipe; by warming the lower currents of air in the room, and by warming the floor for some ten feet around the stove; the stove is more durable than any stove before made: there is no liability of setting fire to the building in which it is placed.

Architects, Builders, and the public generally, will find an extensive assortment of all the most approved apparatus for warming and ventilating public and private buildings, and all necessary information given on the subject by

MAYNARD & NOYES'

BLACK WRITING INK.

The manufacture of this Ink was established in 1816, and the quality has now been tested by the public for *nearly forty years.* During this time it has been constantly increasing in public favor and patronage, and is now the leading article in the country. Those who may be ignorant of its superiority and reputation, are invited to read the following testimonials, and to make trial of it themselves. When the best judges, after using it twenty and more years, express themselves in one manner concerning its superior excellence, it is quite evident that no one *need* be troubled with *bad* Ink.

Bank of State of North Carolina, Raleigh, March 4, 1847.

Messrs. MAYNARD & NOYES: Gentlemen,—Your Writing Ink has been in almost constant use by the officers of this banking house for the last *fifteen years*, and has always been preferred to any other brand. *It flows freely from the pen, and does not mould; and the color, though sometimes pale when first opened, becomes a beautiful permanent black.* I have been a regular consumer of it myself during this time, excepting when curiosity has led me to make trial of other kinds, and take pleasure in being able to speak so favorably of it, and trust that my opinion, founded on such long experience, will induce many who may not be so well acquainted with its merits to give it a trial.

Yours, respectfully, C. DEWEY, Cashier.

Messrs. MAYNARD & NOYES: Gentlemen,—We are happy in being able to say, that we entirely concur in the opinion expressed above of your Writing Ink, by Mr. Dewey, the Cashier of this Institution.

Respectfully yours, DUNN CAMERON, Pres.
S. W. WHITING, Teller.
D. DUPRE, Bookkeeper.

Boston, January 10, 1848.

Messrs. MAYNARD & NOYES: Gentlemen,—It is now, I believe, more than twenty years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a *first rate article*, and cheerfully recommended it to others. It *flows freely* from the pen, and increases in blackness after being committed to paper, and the color is *durable*. I know of no Ink equal to yours, and I have tried many kinds, both English and American.

P. MACKINTOSH, JR.
Principal of Writing Dep. Hancock School.

Office of Merchants' Ins. Co., Boston, Nov. 18, 1847.

Messrs. MAYNARD & NOYES: Gentlemen,—I have used your Writing Ink for the last sixteen years. In 1840, I gave you a certificate of its excellence, and having continued its use ever since to my entire satisfaction, my opinion is confirmed in its superiority. *It flows freely from the pen, and is, in all respects, the best Ink I have ever used.*

GEORGE HOMER, Secretary.

Registry of Deeds, Boston, Nov. 20, 1847.

Messrs. MAYNARD & NOYES: I have made use of your Writing Ink for the Recording of Deeds, &c., the past *twenty-five years*, and having found it to suit my wishes and purposes entirely, take pleasure in renewing my testimonial of its superiority. From the appearance of the records in my office, I am satisfied it is superior to any I have used, and consider it particularly adapted for all purposes where *permanency of color is requisite or desirable. It flows well from the pen, and does not mould; and my oldest records prove its color to be unalterably black.*

HENRY ALLINE, Register of Deeds.

Boston Post Office, Dec. 4, 1851.

Messrs. MAYNARD & NOYES: Gentlemen,—In 1843 I certified to the superior quality of your Writing Ink. I have continued to use it ever since that time, and take pleasure in expressing as I then did my entire satisfaction with it. It has now been used in this office more than twenty years. Other Inks have during that time been tested, but yours has been in every instance preferred. For *fluidity, blackness, and permanency, none has been found equal to it.*

GEORGE WM. GORDON, Postmaster.

Bowdoin School, Boston, Dec. 10, 1851.

Messrs. MAYNARD & NOYES: I have used your Ink in the Writing Department of this School during the last twenty-four years, and feel pleased in being able to express the same favorable opinion of it that I did ten years ago. It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good ink. It has given me such entire satisfaction for so many years, that I can strongly recommend it to all of my profession, who so much need a first rate article of writing liquid.

JAS. ROBINSON, Writing Master.

Boston, Dec. 2, 1851.

Messrs. MAYNARD & NOYES: I am pleased in being able to say that longer experience in the use of your Ink, and the occasional trial of other kinds, have confirmed the good opinion I some years since expressed concerning it. I have used it in my weekly preparations for the pulpit twenty-one years, and have found it suit my wishes *entirely.* Its peculiar excellence is that it becomes *blacker by age*, at the same time it *flows easily* from the pen, and is sufficiently dark to make what is written easily to be read *immediately* after it has been committed to paper.

Yours respectfully,
G. W. BLAGDEN, Pastor Old South Ch.
